Bibliography

This bibliography catalogs all sources to which direct citations have been made. Other references influenced my thinking and helped me to understand my subject more clearly, and researchers who assisted me used yet others in compiling notes. A complete bibliography that includes all such titles may be found online at http://www.andrewsolomon.org/far-from-the-tree/bibliography.

Abi-Dargham, Anissa, et al. “Increased baseline occupancy of D2 receptors by dopamine in schizophrenia.” *Proceedings of the National Academy of Sciences* 97, no. 14 (July 2000): 8104–9.
