

Библиография

Тази библиография включва не само конкретните препратки, споменати в текста, но и подбор от произведенията на групата автори от „третата сила“ в психологията и психиатрията. Най-доброто въведение в техните трудове дава *Moustakas* (118). Добри общи текстове, представящи тази гледна точка, са *Jourard* (72) и *Coleman* (33).

Допълнителна библиография¹

Както и основната библиография, тази изброява предимно литературата по хуманистична психология, вместо да се опитва да бъде всеобхватна. Не съм се опитвал да включа произведенията на други традиции, макар и да разбирам, че те влизат в рамките на хуманистичната психология и са нейна част.

Положих истинско усилие да запазя библиографията кратка и силно подбрана. Сега тя е с около половината от първоначалната си дължина. Постигнах това отчасти като съкратих повечето препратки към статии в "Списание по хуманистична психология" и в „Манас“, както и към отделните глави в сборниците под редакцията на *Bugental* (209), *Severin* (289), *Farson* (226) и *Oito* (275). Пропуснал съм повечето от собствените ми произведения, дори когато са имали отношение, тъй като съществува пълна библиография чак до 1965 г. Тя е включена в моята книга *Eupsychian Management* (261).
